## Acne Treatment

Combining two different techniques to treat acne and scarring.

### 1. Acne IPL Treatment

The treatment dramatically slows down the over production of oil in the sebaceous glands that can lead to acne. It kills any bacteria in the skin, which can result in congestion and breakouts. It also repairs acne damaged skin and prevents further breakouts and scarring.

**Full Face IPL: €120**

### 2. Image Acne Lift Treatment

**Partial Face IPL: €80**

### Acne Combination Treatment:

3 IMAGE Acne Lift Salicylic Facial Peels & 3 IPL Partial IPL Treatments

**WAS €495**

**NOW €340**

**SAVE €155**

## Hair Removal

The Ellipse IPL Laser system is a medical grade laser that delivers exceptional results. Typically 8 – 10 treatments are required depending on density of hair growth and also the area to be treated.
